CITY OF BUDA DECLARES STAGE 1 WATER RESTRICTIONS

Effective Monday, June 4, 2018

June 1, 2018 — Effective June 4, 2018, the City of Buda will return to Stage 1 water restrictions in accordance with the City's adopted Water Resource Management and Drought Response Ordinance. So far in 2018, 11.73 inches of rain has fallen in Buda and 4 out of the first 5 months have been below average on rainfall. Over half of our year-to-date precipitation total occurred on a single day, March 28th, when 5.99 inches of rain fell. Due to the lack of consistent precipitation, and higher than normal demands on our water production system, the City of Buda has decided to enact Stage 1 water restrictions.

Stage 1 Water Allowances and Restrictions

Under Stage 1 restrictions, City of Buda water customers must abide by a twice-per-week outdoor irrigation schedule. Outdoor irrigation (automatic sprinklers and hose end sprinkler systems) is prohibited between the hours of 10 a.m. and 7 p.m. Odd-numbered residential addresses may water on Wednesday and/or Saturday, while even-numbered residential addresses may water on Thursday and/or Sunday. Commercial, mixed-use and multifamily customers may water on Tuesday and/or Friday. It is recommended that outdoor watering be limited to one of the permitted water days each week in order to promote conservation.

Additional Stage 1 water allowances and restrictions are included below:

- Outdoor watering with handheld bucket, handheld hose with a positive shutoff device, soaker hose and/or drip irrigation systems are permitted at any time on any day.
- Irrigation of vegetable gardens with a handheld bucket, handheld hose, soaker hose or drip irrigation system is allowed on any day and at anytime.
- Irrigation of protected trees by a soaker hose, automatic bubbler, tree watering bag, or similar device placed within the tree's dripline is allowed on any day and at any time.
- Commercial nurseries are subject to the time restrictions when using automated irrigation systems, but may operate on any day. Use of handheld bucket, handheld hose with a positive shutoff device, soaker hose and/or drip irrigation systems are permitted at any time on any day.
- Date and time restrictions for irrigation do not apply during repair or testing of a new or existing irrigation system if the person performing the testing is present. The irrigation system shall only be operated as long as is necessary to diagnose and complete repairs.

Vehicle Washing

- Charity carwashes are allowed, but must be done using a handheld bucket or a handheld hose equipped with a positive shutoff device. Charity carwashes shall not create water waste as defined herein.
- Noncommercial vehicle washing is allowed on any day and at any time, but must be done using a handheld bucket or a handheld hose equipped with a positive shutoff device.
- Commercial Vehicle Washing is allowed on any day and at any time.

Swimming Pools

- Swimming Pools are allowed to operate and be filled as normal. It is recommended that swimming pools be covered while not in use to minimize evaporative losses.
- Operation of non-recirculating aesthetic water features is prohibited at all times.

In addition, **foundation watering** is allowed on any day and at any time. However, it should not result in pooling or runoff onto impervious surfaces, adjacent property, draining facilities (natural or manmade), sidewalks or streets.

Other nonessential water uses are allowed but all reasonable measures shall be taken to limit the use.

Violations

Anyone who violates this ordinance could be fined between \$100 and \$500.

You can report water violations at codeenforcement@ci.buda.tx.us.

Additional information on water conservation can be found at www.ci.buda.tx.us. Code Ordinance Section 24.06

Stage I Restrictions	
Waste of Water	Prohibited at all times
Irrigation with hose-end and automatic sprinkler systems	<p>Twice per week on designated day; prohibited between the hours of 10:00am and 7:00pm</p> <ul style="list-style-type: none"> • Odd-numbered residential: Wednesday and Saturday • Even-numbered residential: Thursday and Sunday • Commercial, mixed use and multi-family: Tuesday and Friday • It is recommended that outdoor watering be limited to one of the permitted watering days each week to promote conservation
Irrigation with handheld bucket, handheld hose, soaker hose, or drip irrigation system	Allowed any day and at any time
Irrigation of vegetable gardens	Allowed using a handheld bucket, handheld hose, soaker hose or drip irrigation system any day and at any time
Irrigation to protect trees	Allowed using a soaker hose, automatic bubbler, tree watering bag, or similar device placed within the tree's dripline any day and at any time
Commercial Nurseries	Subject to the time restrictions when using automated irrigation systems, but may operate any day. Use of handheld bucket, handheld hose with positive shutoff device, soaker hose, and/or drip irrigation systems are permitted at any time on any day
Foundation Watering	Any day and at any time. However, saturation to the point it causes pooling in the yard or runoff is prohibited
Swimming Pools	Allowed to operate and be filled as normal. It is recommended that pools be covered while not in use to minimize evaporation loss.
Aesthetic water features	Non-Recirculating Prohibited
Washing of impervious surfaces	Prohibited, unless required for health and safety
Vehicle Washing	<ul style="list-style-type: none"> • Noncommercial vehicle washing is allowed on any day and at any time, but must be done using a handheld bucket or a handheld hose equipped with a positive shutoff device • Commercial vehicle washing is allowed on any day and at any time • Charity carwashes are allowed, must be done using a handheld bucket or a handheld hose equipped with a positive shutoff device
Other Nonessential water uses	Allowed, but all reasonable measures shall be taken to limit the use.
