SAND VOLLEYBALL COURT SPECIFICATIONS

This document is intended to give general guidelines to provide The Well Church with city approved specifications as to how to construct a sand volleyball court.

- The official court size is 30 feet x 60 feet with a 6 foot buffer of sand enclosed by PVC piping or something similar.
- Ideally the court should be situated with the net running east-west so the morning and evening sun is not facing directly into the eyes of one team. The dirt dug out of the earth should be piled up around the court in a horseshoe fashion, leaving one of the four court sides open for proper drainage. This earth pile can be made into an incline that allows for elevated spectator viewing, even piling only one or two sides.
- Sand volleyball court should be installed to the west of the playground at City Park.
- The court area should be excavated with a drainage ditch leading away from the lowest point of the court. Proper drainage is extremely important. Landscaping fabric is needed to ensure that weeds do not grow in the sand.
- A minimum of 12 inches of sand is required to be placed in the excavated pit. Invest in good sand and the cleanest sand that can be purchased. Get washed masonry sand, or check for a beach-like feel. Do not use anything coarser, but also stay away from very fine grains as they can compact into a type of mud when wet.
- Poles supporting the volleyball net should be made of 4 inch diameter schedule 40 galvanized metal, treated wood (8 inch diameter), or other material that will withstand tension and not bend or break when stressed. It is also a good idea to pad the poles to protect players using your court. Supports should be approximately 10.5-16 feet long and cemented into a concrete footing measuring at least 1 foot in diameter and 3 feet deep.
- Volleyball court boundary lines are made of 1/4" rope or 1-1.5 inch webbing and tied to the four corners with buried dead-man anchors.
- A Pro Beach Volleyball Net (ML4:4) is needed.
- City will monitor any construction activity on park land to ensure that the volleyball court meets city specifications. Specifications can be changed as approved by the city.

City of Buda
Project Status Report
July 2010

Parks and Recreation Department

Stagecoach Park

Phase I Litigation – There has been no substantial change in the status of the ongoing litigation with the bonding company representing the contractor that went bankrupt. The city is seeking approximately \$120,000 to fix everything that was submitted on the punch list. Staff is holding approximately \$80,000 in retainage so the attorney is seeking an additional \$40,000 from the bonding company. The bonding company may choose to have another contractor complete the punch list as opposed to giving the city money for us to complete the punch list. The latest update is that all of the subcontractors are suing the bonding company for payment. The bonding company is asking that all suits be consolidated and the city attorney is opposing the consolidation. The bonding company is requesting a detailed cost breakdown for each item on the punch list. Staff will work to provide the cost breakdown.

Phase II Grant Reimbursement – Staff has met with Hays County grant officials regarding being reimbursed for expenses related to the completed project. Staff will be submitting to Hays County all related contracts and/or invoices/POs that document the expenditures relating to the project for reimbursement to the city in July. The matching grant for Phase II of Stagecoach Park and the House and Onion Creek Post Office is \$775,000. The city has matched the grant with the value of the land acquisition.

Historic Stagecoach House and Onion Creek Post Office buildings – The current architectural agreement with Carter Design to design, complete construction documents, and provide construction administration was amended by City Council on June 15. The architect's construction cost estimate for the exterior and interior work is approximately \$420,000 including a 15% contingency. At the City Council meeting on June 15, Councilmember Dodd requested that staff research a Construction Manager at Risk bidding process as opposed to a standard bidding procedure to possibly get better pricing and speed up construction.

Pond – Park's staff filled the pond completely and has monitored the water level weekly for abnormal water loss. The pond drops up to 20 inches per week. The high amount of water loss indicates that the pond is not holding water as originally designed. When the pond level reaches about 30% of capacity, the abnormal water loss ceases. Staff contacted Lowden Excavation (subcontractor for Robinson who when bankrupt) regarding the reasons for the water loss. Lowden speculates that the electrical contractor did not seal the clay liner properly when they punched a hole to run the electrical wiring to the fountain. Staff is researching products (ESS-513) to seal the pond so that it holds water better or could go to a new permanent liner that has a lifetime warranty.

Parks and Recreation Commission

The Commission met on June 16. Staff gave Commissioners a detailed orientation as to their roles and responsibilities and provided each Commissioner a resource manual that has pertinent information related to Parks and Recreation in Buda. In addition, staff discussed the by-laws, parks rules and ordinances, Bradfield drainage project, upcoming Commissioner appointments, Brew-B-Que festival, and the city fireworks show. Commissioners elected Beth Hagan as a co-chair to assist the Parks and Recreation Director in duties related to the Parks and Recreation Commission. Commissioners approved the playground location for the new playground at Cullen Country Park as requested by Cullen Country HOA president Vincent Lucke. Commissioners requested that staff develop specs related to a possible sand volleyball court at City Park that would be installed at no cost to the city by The Well Church. At the next scheduled meeting on July 21, staff will bring forward for Commission discussion consideration specs for the sand volleyball court at City Park, updated parks rules and ordinances, Sportsplex needs, woodchips for playgrounds, Brew-B-Que Festival, city fireworks show, and a CPAC update.

Parks and Recreation Staffing

Four Texas Work Force Commission workers began work in parks on June 10 at no cost to the city. A fifth summer worker started on June 24. They work 30 hours a week for eight weeks. The workers perform various functions that existing Parks staff do not have the time to work on such as removing weeds from playground mulch, painting, weedeating, removing weeds from the crushed granite trails, removing larger rocks from the common areas at the Sportsplex, etc.

The vacant Parks Maintenance Worker position has been filled by Juan Mosqueda. Juan began his employment with Buda on July 6. Juan was previously employed with the Bexar County Public Works Department as a Field Maintenance Worker. Juan has good experience in mowing, heavy equipment operation, working with irrigation systems, and overall turf maintenance. With Juan's experience in working with turf and irrigation, he will mainly work at the Sportsplex.

Staff hired Sherri Ash as a part-time Administrative Assistant. Sherri was previously employed with the Denver Regional Council of Governments where she completed administrative duties. Sherri will be assisting in answering Parks and Recreation phone calls, taking pavilion and sports field reservations, taking Parks Commission minutes and organizing packets, organizing various other Board and Commission packets, sponsorships, issuing building permits, and completing other general administrative duties around the office as assigned.

Park Maintenance

Staff closed two of the four recreational fields at the Sportsplex on June 7 through August to reestablish grass as those two fields had been overused since the complex has been open to the public. In addition, staff will fertilize all of the fields at the

Sportsplex and apply a broadleaf herbicide to reduce the weeds on the four softball fields.

Parks Maintenance Facility

The previous Parks and Recreation Director looked at three locations for the Parks Maintenance Building including Stagecoach Park, City Park near the Public Works facility (standalone facility), and the Sportsplex. The budget is \$300,000. Staff proposes to construct the building to the south of the existing Public Works facility.

Cullen Country Park Playground

HOA President Vincent Lucke provided staff and the Parks and Recreation Commission with written verification that the HOA is in support of the project including the four homes located nearest the playground site. Staff worked with the Cullen Country HOA regarding the purchase and placement of the small public playground. There is approximately \$16,000 remaining in the Parks and Recreation Capital Fund from parkland dedication fees given to the city as part of the development. Mr. Lucke has secured a quote for the playground from Play and Park Structures in the amount of \$16,989.16. A PO was issued on June 18 to purchase and install the new playground. It is anticipated that the playground will be installed in 2-3 months.

Sportsplex Field Usage Agreements

Per city ordinances, staff is now requiring that all youth and adult sports leagues playing league games on city property have an approved Facility Use Agreement with the city. The agreement outlines use of the fields, payment of field usage fees (\$15 per field, per hour in accordance ordinances), and the overall responsibilities of each league as it relates to using the fields. The city now requires all league providers to supply a Certificate of Liability Insurance naming the City of Buda as additional insured that includes comprehensive general (public) liability or its equivalent with minimum combined single limits of \$500,000 per person, \$1,000,000 per occurrence, \$1,000,000 Products/Completed Operations Aggregate and \$1,000,000 general aggregate per occurrence. In addition, each league must mark/stripe the fields they have been assigned for league play. This requirement will save the city both staff time and money in painting sports fields. Individual team practices are excluded from these new requirements. Groups that are tentatively scheduled to play games this fall include the following:

- Hays Communities Family Branch of the YMCA of Austin
 - Adult soccer season runs August 8 – October 3 with games on Sundays.
 - Youth soccer season runs September 25 – November 13 with games on Saturdays.
 - Youth flag football season runs September 21 – October 14 with games on Tuesday and Thursday late afternoons.
- Austin Texas SC
 - Youth soccer season runs August 2 – December 9 with games on Saturdays and practices on Monday through Thursday.
- Armadillo Texas Soccer League

- Adult soccer season runs from August 1 – December 19 with games on Sundays.
- Juan Espino
 - Adult soccer season runs from August 1 – December 19 with games on Saturdays and Sundays.
- I9 Sports (new facility rental)
 - Youth flag football season runs September 18 – November 13 with games on Saturdays utilizing the outfields on two of the softball fields.
- Neighborhood Sports (new facility rental)
 - Youth flag football season runs from September 25 – November 6 with games on Saturdays.

Texas Brew-B-Que Festival on July 4 from 11 a.m. to 11 p.m. at City Park

The Brew-B-Que event was organized by Roadway Events and not the City of Buda. There was a \$15 admission charge. Paid admission included live music and all of the bar-b-que you can eat. Kids 8 and under were free and there were paid kid's activities available. Beer was available to purchase. As part of the festival, there were beer games being played; however, by law and monitored through the Texas Alcoholic Beverage Commission (TABC), these games were played with non-alcoholic beer and/or water. Parking was available on the north side of the park off of Garison Road in the large, open area between the pavilion and the Public Works facility and conducted by the Roadway Events staff. Due to the anticipated crowd for the festival and the cities fireworks show, staff secured shuttle bus service from the Cabelas parking that will be paid for by Roadway Events. Festival organizers anticipated around 3,000 in attendance and attendance was more than 6,000. There was a significant economic impact to the area business and hotels in Buda due to the festival. Some problems encountered were overflowing port-a-lets, long lines for the free bar-b-que (food ran out around 4 p.m.), and long lines for the concessions (only one concession vendor)

Red, White N Buda Fireworks Show on July 4 from 8:30 to 11 p.m. at City Park

The free fireworks show took place in conjunction somewhat and in coordination with the paid Brew-B-Que Festival. American Fireworks shot a 1.4G fireworks show for \$5,500. The event was hosted and paid for in previous years by the Buda Chamber of Commerce, but the city sponsored the event this year for the first time. Gates opened at City Park for the free fireworks show at 8:30 p.m., but opened early due to the amount of people coming in for the fireworks show. Staff estimated that there were over 5,000 spectators in City Park and over 1,000 spectators just outside the park to watch the fireworks show. Folks arriving for the free fireworks show were able to listen to live Texas country music, purchase food and beverages, and participate in paid kid's activities provided by Roadway Events. The fireworks show started around 9:30 p.m. was scheduled to last approximately 20 minutes. The fireworks show turned out to be a disappointment as the show lasted only 13 minutes and was not of the same quality as previous fireworks shows. For next year on July 4, staff is looking into increasing the budget for the fireworks show and organizing a more patriotic and family oriented event

as opposed to renting out City Park for a similar kind of festival. The Brew-B-Que Festival organizers may rent out City Park on July 2 for their event.

Toons and Tunes Summer Series

The schedule is as follows:

- July 16 (Music) – Bo Cox with Texas FX
- July 23 (Music) – Tejano Night with Los Marcelles

Musical performances start at 7 p.m. The Lions Club is providing overall concessions and Texas Shaved Ice is providing snow cones. As requested by Council, staff has secured recycling containers to be used for each event from Texas Disposal Systems.

Antioch Church Historical Marker

City Council approved the design of the site for the historical marker on October 7, 2009. Staff met with Eagle Scout candidate Grant Garcia and his father Vic Garcia regarding Grant taking on this project. Staff also met onsite at the Antioch Church with Mary Giberson and the Garcia's to discuss the project further. If Grant receives approval to proceed with the project for his Eagle Scout award, the work will be done this summer. Staff contacted Betty Harrison regarding the status of the historical marker. The marker should be ready and shipped to Buda sometime this fall as the state is slow to complete the marker.

City Website

Over the next several months, staff will update the Parks and Recreation web page with new information.
