

## City of Buda Water Conservation

Water is a precious resource in Buda. Throughout our region, it provides tourism, recreation, habitat for endangered species, and drinking water for a rapidly growing population. Unfortunately, it is also a limited resource, especially during times of drought, which are common in central Texas. As our city continues to grow, our water supplies continue to be stretched. Wise use of our water resource is critical to the economic health and vitality of our city—a key resource in maintaining and enhancing Buda’s quality of life. It is necessary for each of use to do our part to conserve water, and by doing so ensure adequate water supplies both now and in the future.

To that end, on January 3, 2012, the City of Buda adopted revised water conservation rules, further described in Article 24.06 of the Code of Ordinances. Key aspects of these rules are summarized in this flyer. Through this ordinance, the City has established year-round restrictions as well as restrictions for each of the four drought stages to improve the effectiveness of the program, recognize the unique needs of each of the City’s water sources as well as the City’s expanding water supply, and respond to citizen concerns. Additional information, restrictions and penalties are contained in Article 24.06 of the Code of Ordinances. Please visit [www.ci.buda.tx.us](http://www.ci.buda.tx.us) for more information.

### What triggers a drought response stage?

Stage	Triggers
<b>Stage 1</b>	<ul style="list-style-type: none"> <li>• Barton Springs Edwards Aquifer Conservation District (BSEACD) declares an Alarm Stage; OR</li> <li>• Daily demand reaches 75% of available supply; OR</li> <li>• A water quality, supply, distribution system or other emergency exists</li> </ul>
<b>Stage 2</b>	<ul style="list-style-type: none"> <li>• BSEACD declares a Critical Stage; OR</li> <li>• BSEACD declares an Alarm Stage and Guadalupe Blanco River Authority (GBRA) declares Stage II; OR</li> <li>• Daily demand reaches 80% of available supply; OR</li> <li>• A water quality, supply, distribution system or other emergency exists</li> </ul>
<b>Stage 3</b>	<ul style="list-style-type: none"> <li>• BSEACD declares an Exceptional Stage; OR</li> <li>• BSEACD declares a Critical Stage and GBRA declares Stage III; OR</li> <li>• Daily demand reaches 85% of available supply; OR</li> <li>• A water quality, supply, distribution system or other emergency exists</li> </ul>
<b>Stage 4</b>	<ul style="list-style-type: none"> <li>• BSEACD declares an Emergency Response Stage; OR</li> <li>• BSEACD declares a Critical Stage and GBRA declares Stage IV; OR</li> <li>• Daily demand reaches 90% of available supply; OR</li> <li>• A water quality, supply, distribution system or other emergency exists</li> </ul>

### Year Round Restrictions

	Year-Round Restriction
<b>Waste of Water</b>	Prohibited
<b>Irrigation with sprinklers</b>	Allowed any day, but only between midnight and 10am, and 7pm to midnight.
<b>Irrigation of new landscapes</b>	Same as for existing, unless participating in New Landscape Installation Program.
<b>Irrigation with hand-held bucket, hand-held hose, soaker hose or drip</b>	All allowed any day, any time.
<b>Residential vehicle washing</b>	Any day at any time, but must use hand-held bucket or hand-held hose equipped with positive shut-off.
<b>Charity vehicle washing</b>	Any day at any time, but must use hand-held bucket or hand-held hose equipped with positive shut-off.
<b>Swimming pools</b>	May be operated and filled as normal.
<b>Decorative water features</b>	Non-recirculating aesthetic water features is prohibited at all times; Recirculating features allowed.
<b>Washing impervious surfaces</b>	Allowed, but recommended to only use for health and safety.
<b>Foundation watering</b>	Any day at any time, but may not causing pooling or runoff.

**Year-round restrictions are in effect at all times unless replaced by more stringent Drought Stage measures.**

# City of Buda Drought Stage Restrictions Summary

On January 3, 2012, the City of Buda adopted revised water conservation rules, further described in Article 24.06 of the Code of Ordinances. **Under the new rules, the City of Buda is currently in Stage 2.** A summary of key conservation rules is provided in the table below for each stage:

	Stage 1	Stage 2	Stage 3	Stage 4
<b>Waste of Water</b>	Prohibited	Prohibited	Prohibited	Prohibited
<b>Irrigation with sprinklers</b>	Twice per week on designated day* between midnight and 10am, and 7pm to midnight.	Twice per week on designated day* between midnight and 10am, and 7pm to midnight.	Once per week on designated day* between midnight and 10am, and 7pm to midnight.	Once per every other week on designated day* between midnight and 10am, and 7pm to midnight.
<b>Irrigation of new landscapes</b>	Same as for existing, unless participating in New Landscape Installation Program.	Same as for existing, unless participating in New Landscape Installation Program.	Same as for existing, unless participating in New Landscape Installation Program.	Same as for existing, unless participating in New Landscape Installation Program.
<b>Irrigation with hand-held bucket, hand-held hose, soaker hose or drip</b>	All allowed any day, any time.	Twice per week on designated day* between midnight and 10am, and 7pm to midnight.	Once per week on designated day* between midnight and 10am, and 7pm to midnight.	Once per every other week on designated day* between midnight and 10am, and 7pm to midnight.
<b>Residential vehicle washing</b>	Any day at any time, but must use hand-held bucket or hand-held hose equipped with positive shut-off.	Twice per week on designated day* between midnight and 10am, and 7pm to midnight; must use hand-held bucket or hand-held hose equipped with positive shut-off.	Once per week on designated day* between midnight and 10am, and 7pm to midnight; must use hand-held bucket or hand-held hose equipped with positive shut-off.	Prohibited unless held at a Commercial Car Wash.
<b>Charity vehicle washing</b>	Any day at any time, but must use hand-held bucket or hand-held hose equipped with positive shut-off.	Prohibited unless held at a Commercial Car Wash.	Prohibited unless held at a Commercial Car Wash.	Prohibited unless held at a Commercial Car Wash.
<b>Swimming pools</b>	May be operated and filled as normal.	Filling of new swimming pools is prohibited, but make-up is allowed. Surface shall be 25% covered when not in use.	Filling of new swimming pools is prohibited, but make-up is allowed. Surface shall be 25% covered when not in use.	Filling of new swimming pools or make-up of existing pools is prohibited; Surface shall be fully covered when not in use.
<b>Decorative water features</b>	Non-recirculating aesthetic water features is prohibited at all times; Recirculating features allowed.
