to perform an Economic Development Strategic Plan and Retail Leakage Study. Given these findings, he suggested that Buda concentrate on promoting Hospitality and Tourism, Office, Light Industrial, and Retail uses, especially those that encourage vertical development.

Amend the City's ordinance to allow for a one time 90 extension of use after annexation for retail fireworks establishments, and/or 3. Extend the City's ban on fireworks establishments 5000ft into the ETJ to ensure that there would be no future annexations of such establishments.

Chester Davis, the owner of a recently annexed retail fireworks business, stated that he had bought his stock over a year prior to the upcoming July 4th holiday, and further stated that he could not dispose of his surplus stock if not given the opportunity to operate on the upcoming holiday.

J. STAFF REPORTS

J.1. STAFF REPORT REGARDING CITY LIMITS AND ANNEXATION NEAR THE SPORTSPLEX ON FM 1626

Chance Sparks, Director of Planning, presented this item to the City Council. He stated that a mapping error had led to the City Limits being depicted inaccurately in the vicinity of the Sportsplex. He stated that the City's mapping contractor at the time had used a general hand drawn map of the annexation of the Sprotspdex property instead of the more accurate metes & bounds description contain in the annexation ordinance to produce the City Limits map. The resulting map indicated that the City Limits where much closer to FM 1626 than they actually were. However, he stated that the Appraisal District had used the metes & bonds for taxation purposes, so no taxes had been improperly collected.
